SUBJECT INDEX, VOLUME 146

- Alliaria petiolata*, effect on plants and mycorrhizal fungi 146
- Amblema plicata*, survival rates 254
- Appalachian, stream macrobenthos 223
- Attenuipygma vanduzeei*, distribution, behavior, life history 434
- Baylisascaris procyonis*, latrine foraging and transmission 369
- Behavior, burrow-cleaning of house mice 53
- reuse of tree-roosts by California bats 80
- Birds, abundance in cornfield edges 94
- bank swallow-location of colonies 447
- bank swallow- patterns of tunnel entrances 414
- grassland 105
- nest-site selection and renesting in blue-gray gnatcatcher 404
- predation of duck nests 339
- British Columbia, reuse of tree-roosts by California bats 80
- California, effect of weather on Argentine ant 321
- Canis latrans*, food habits in tropical deciduous forest 210
- human effects on activity 27
- Cornus florida*, impacts of dogwood anthracnose 379
- Cottus hypselurus*, *C. baridi*, genetic variation 264
- Dalbulus quinque-notatus*, resource switching by ants 311
- Discula destructiva*, impact of flowering dogwood fruits 379
- Dreissena polymorpha*, effect on survival of native mussel 254
- Ecology, animal, *Attenuipygma vanduzeei*, life cycle 434
- bank swallow, location of colonies 447
- bank swallow, pattern of tunnel entrances 414
- bird abundance in cornfield edges 94
- community, fish 271, 290
- demographics and behavior of porcupines 329
- deer effects on plants 1
- deer mice and prairie voles as owl prey 72
- diet of northern flying squirrel 439
- diet and insectivory in spider 424
- effects of muskrat on invertebrate communities 300
- effects of weather on Argentine ant 321
- effects of infected tall fescue on prairie voles 63
- effect of fluorescent powder on mate choice in white footed mice 429
- food habits of coyote 210
- grassland birds 105
- habitat affinities of small mammals 345
- human effects on coyotes 27
- impact of flooding on small mammals 217
- influence of grazing on deer mice 361
- latrine foraging and parasite transmission 369
- nest-site selection and renesting in blue-gray gnatcatcher 404
- prairie skink density 86
- predation of duck nests 339
- spatial organization of bobcats 43
- sponges, freshwater 243
- stream macrobenthos 223
- survival of *Amblema plicata* 254
- top-down control by fire ant 171
- tunnel entrances of bank swallow 414
- Vespula* spp. disperses *Trillium* spp. seeds 444
- Ecology, plant, biomass and resprouting of process tree 388
- break down of leaf litter in cypress-gum wetlands 128
- deer effects on plants 1
- effect of garlic mustard on plants and fungi 146
- impact of dogwood anthracnose on fruits of flowering dogwood 379
- Trillium* spp. seeds dispersed by *Vespula* spp. 444
- Erethizon dorsatum*, demographics and behavior 329
- Eumeces septentrionalis*, density in old fields 86
- Evolution, spatial patterns of tunnel entrances of bank swallow 414
- Fish, genetic variation in *Cottus* 264
- mitochondrial cytochrome b sequences of *Fundulus* spp. 199
- stream community 271
- lake community 290
- Fundulus kanase* and *F. zebrinus*, mitochondrial cytochrome b sequences 199
- Fungi, effects of garlic mustard on 146
- Genetics, allozyme variation in Delmarva fox squirrel 37
- genetic structure of *Polygonum thunbergii* 122
- genetic variation in *Cottus* 254
- mitochondrial cytochrome sequences in *Fundulus* spp. 199
- Georgia, breakdown of leaf litter in cypress-gum wetlands 128
- top-down control by fire ant 171
- Glaucomyss sabrinus fuscus*, diet 439
- Illinois, nest-site selection and renesting in blue-gray gnatcatcher 404
- spatial organization of bobcats 43
- Insects, *Attenuipygma vanduzeei*, life cycle 434
- effects of weather on Argentine ant 321
- resource switching by ants 311
- top-down control by fire ant 171
- Invertebrates, other than insects, diet and insectivory of Araneophagus spider 424
- effects of muskrat on communities 300
- leg autonomy of wolf spider 153
- sexual dimorphism in wolf spider 161
- stream macrobenthos 223

- sponges, freshwater 243
- zebra mussel effects survival of *Amblema plicata* 254
- Iowa, bird abundance in cornfield edges 94
- fish community 290
- Kansas, influence of grazing on deer mice 361
- Lake Michigan, distribution of sponges 243
- Linepithema humile*, effect of weather 321
- Lynx rufus*, spatial organization 43
- Mammals, burrow cleaning of house mice 53
- deer effects on plants 1
- deer mice and prairie voles as owl prey 72
- demographics and behavior of porcupines 329
- diet of northern flying squirrel 439
- effects of fluorescent powder on mate choice by white-footed mice 429
- effects of muskrat on invertebrate community 300
- food habits of coyote 210
- habitat affinities of small mammals 345
- human effects on coyotes 27
- impacts of flooding on small mammals 217
- influence of grazing on deer mice 361
- latrine foraging and parasite transmission 369
- prairie skink density 86
- spatial organization of bobcats 43
- Melanotrichus boydi*, response of predators fed high Ni herbivores 186
- Mexico, food habits of coyote 210
- resource switching by ants 311
- Michigan, diet and insectivory in spider 424
- Microtus montanus*, owl prey 72
- Microtus ochrogaster*, effects of infected tall fescue on females 63
- Minnesota, density of prairie skinks 86
- survival of *Amblema plicata* 254
- Mimetus notius*, diet and insectivory 424
- Missouri, genetic variation in *Cottus* 264
- impact of flooding on small mammals 217
- Mus musculus domesticus*, borrows and burrow cleaning 53
- Myotis californicus*, reuse of tree roosts 80
- North Carolina, impacts of anthracnose on fruits of dogwood 379
- Nyssa sylvatica*, breakdown of leaf litter 128
- Odocoileus virginianus*, effect on plants 1
- Ohio, biomass and resprouting of princess tree effects of muskrat on invertebrate communities 300
- leg autonomy in wolf spider 153
- sexual dimorphism in wolf spider 161
- Ondatra zibethicus*, effect on invertebrate communities 300
- Ontario, location of colonies of bank swallow 447
- tunnel entrances of bank swallow 414
- Parasites, latrine foraging and transmission 369
- Pardosa milvina*, leg autonomy 153
- Paulownia tomentosa*, biomass and resprouting on a light gradient 388
- Peromyscus leucopus*, effect of fluorescent powder on mate choice 429
- Peromyscus maniculatus*, influence of grazing on owl prey 72
- Poliophtila carerulea*, nest-site selection and renesting 404
- Polygonum thunbergii*, population genetic structure 122
- Rabidosa rabida*, sexual dimorphism 164
- Riparia riparia*, locatio of colonies 447
- spatial patterns of tunnel entrances 414
- Sciurus niger cinereus*, allozymic variation 37
- Saskatchewan, predation of duck nests 339
- Solenopsis invicta*, top-down control by 171
- Taxodium ascendens*, breakdown of leaf litter 146
- Texas, demographics and behavior of porcupines 329
- Trillium* spp., seeds dispersed by *Vespula* spp. 444
- Vespula* spp., disperse *Trillium* spp. seeds 444
- Virginia, habitat affinities of small mammals 345
- Washington, deer mice and prairie voles as owl prey 72
- West Virginia, diet of Northern flying squirrel 439
- stream macrobenthos 223
- Wetlands, effects of muskrat on invertebrate communities 300
- Wisconsin, *Attenupya vanduzeei*, life history 434
- grassland birds 105
- Wyoming, human effects on coyotes 27
